

Air Con Rapid

Active deodorizing spray.

Properties:

- Spray
- Special composition
- Aromatic
- Transparent

Advantages:

- Easy application (partly/whole dose)
- Treats and cleans ventilation systems and vehicle interiors and is also suitable for application in areas requiring increased hygiene.
- Leaves a pleasant aroma after application
- Leaves no residue

Applications:

AIR CON RAPID is an active deodorizing spray that leaves a pleasant aroma and cleanliness. It is used for treatment of air conditioning systems and vehicle interiors, static air conditioning units (one-off application of the whole cartridge contents), and also for treatment of communal areas with increased demands on hygiene level, such as dressing rooms, washrooms, offices etc. (application in parts).

Order codes:

Name	Storage code	Package	Volume / Size	Order number
Air Con Rapid	RACR	Spray	150 ml	1 35004
Air Con Rapid Box	RACR	Box	16x 150 ml	1 33004

Instructions for use:

1. Before cleaning the air conditioning system let the evaporator dry for 10 minutes (start the engine, turn the air conditioning system off if possible, set the inner air circulation, set the maximum temperature and maximum fan revolutions, open all air outputs).
2. Take out the pollen filter, agitate the cartridge and put it on the floor in front of the passenger seat.
3. Turn the air conditioning system on and change the air temperature to "cold".
4. Activate the application nozzle till reaching the arrester and close the vehicle immediately.
5. Let the spray act for 10 minutes.
6. After the end of the cleaning allow the vehicle to air out for 10 minutes.

NOTE: When applying the spray in parts, activate the application nozzle repeatedly so that it does not get blocked by the arrester.

ONLY FOR PROFESSIONAL AND INDUSTRIAL USE!
