

Drain Release Agent - Strong

Concentrated drain cleaning agent.

Properties:

- Strong degreasing effect
- Completely dissolves hair and other organic deposits
- Does not damage plastic or metal pipes (except aluminium)

Advantages:

- Suitable for use on traps, sinks, drain gutters and drains
- Can be used repeatedly as a preventative measure

Applications:

DRAIN RELEASE AGENT – STRONG is a highly concentrated agent in the form of pellets. Combine with hot water for excellent cleaning of clogged drains. Its strong degreasing effect removes any dirt deposits on the pipe walls and dissolves hair and other organic impurities. The product does not damage plastic or metal pipes (except aluminium). It is recommended to use the product preventively to avoid any drain clogging.

Order codes:

Name	Storage code	Package	Volume / Size	Order number
Drain Release Agent – Strong	DRS	Bottle	1000 g	1 34400

Instructions for use:

When working with **DRAIN RELEASE AGENT – STRONG**, always wear protective gloves, clothing, goggles and a face shield.

1. It is recommended to rinse the drain with hot water before application for maximum cleaning effect
2. Pour 100 g of the product into the drain and gradually add 0.5 litres of hot water (not boiling). Expect a violent exothermic reaction when adding hot water
3. Leave for 10 minutes
4. After 10 minutes, rinse the drain with large amount of hot water
5. Repeat in case of heavy clogging

ONLY FOR PROFESSIONAL AND INDUSTRIAL USE!
