

# Microfibre Cloth Super Soft 800gms

Super soft microfibre cloth.

### Properties:

- High microfibre weight and density
- High absorbency
- Quality stitching with a loop for hanging
- Smooth, varnish-friendly material

### Advantages:

- Does not release fibres
- Streak-free
- Multipurpose application

### Applications:

**Microfibre Cloth Super Soft 800gms** is a microfibre cloth with high weight and density, suitable for cleaning, drying and polishing various surface materials, such as glass, stainless steel, plastics and other varnished or non-varnished non-porous surfaces. Thanks to the high weight and fibre density, the cloth has excellent water absorbency and leaves no streaks during cleaning or polishing. It can be used in repair shops for cleaning, drying or polishing cars, commercial vehicles, motorbikes, bicycles, boats and more. It is also suitable for industrial cleaning, drying or polishing machine parts and equipment.

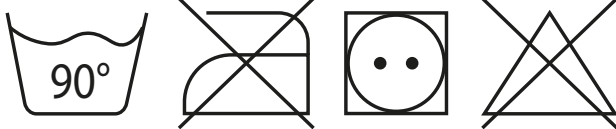

**ONLY FOR PROFESSIONAL AND INDUSTRIAL USE!**
