

# Multi Spray

Contact and release spray.

## Specifications:

- Contact spray
- Lubricant
- Anti-corrosive agent
- Cleaning agent
- Rust remover

## Advantages:

- Repels water and humidity
- Guarantees lubrication in fine mechanics
- Protects metal surfaces
- Cleans mechanical parts including rubber and plastic
- Quick capillary attraction, eliminates rust and stops corrosion

## Applications:

**MULTI SPRAY** consists of a combination of highly effective materials. Its unique composition makes it useful for various purposes. Negligible surface tension and high capillary attraction suppressing damp certifies **MULTI SPRAY** as a quality lubricant. It also cleans thicker layers of rust and impurities. **MULTI SPRAY** creates a thin molecular film on the surface of metal parts, which protects them against acids and dampness.

Non-aggressive to plastics or painted surfaces. Silicone free.

## Order codes:

| Name             | Storage code | Package  | Volume / Size | Order number |
|------------------|--------------|----------|---------------|--------------|
| Multi Spray      | MTS          | Spray    | 400 ml        | 1 05.0030    |
| Multi Spray 5 l  | MTS5L        | Canister | 5 l           | 1 05.0031    |
| Multi Spray 25 l | MTS25L       | Canister | 25 l          | 1 05.0033    |

#### Instructions for use:

1. Shake well before application.
2. Apply **MULTI SPRAY** to rusted area and allow it to briefly (about 3min.) do its work. Loosen the connection.
3. For electric contacts apply **MULTI SPRAY** to the desired area and allow it to work.

**ONLY FOR PROFESSIONAL AND INDUSTRIAL USE!**
