

NSP - Orange Crystal

Disposable nitrile gloves, ambidextrous, non-sterile, latex-free.

Specifications:

- Excellent mechanical and chemical resistance
- Various sizes
- Material thickness 0,1778 mm (7 mil)
- Diamond textured

Advantages:

- Prone to tears, protects hands against various chemicals
- Perfect fit for every hand
- Provides great tactile sensitivity
- Excellent grip on wet and dry surfaces

Applications:

Disposable nitrile gloves are used in all industries for excellent hand protection during short-term handling of chemicals. They are used daily in paint shops in the process of paint and varnish preparation and application. They are also suitable for use in the food industry. Excellent grip on wet and dry surfaces when compared to standard disposable gloves.
