

Snap-off Knife

Professional snap-off knife.

Properties:

- Quality carbon steel blade
- Anti-slip surface treatment
- Integrated tightening screw for high safety control
- Shaped handle for accurate guidance of the knife
- Integrated cartridge, including 3 blades with automatic loading

Advantages:

- Universal use
- High durability
- Compatible with all 18 mm blade types

Description:

RETECH Snap-off Knife is a professional snap-off knife of robust construction, used especially for cutting paper, wood, cardboard, leather, plastics, foils, rubber, polycarbonates, asphalt shingles, asphalt strips and other materials. Its versatility can be utilised during assemblies, repair and maintenance, as well as when shaping materials or packing/unpacking. The anti-slip surface treatment of **RETECH Snap-off Knife** allows for easy and safe double-handed cutting, enabling to utilise maximum cutting force onto the surface.

Order codes:

Name	Storage code	Package	Volume / Size	Order number
Snap-off Knife	A122	Box	1 pc	A122

Blade replacement:

1. Push the slider all the way to the front
2. Remove dull or broken blade with a rocking motion
3. Return the slider all the way back (new blade will load up automatically)
4. After using all available blades, pull out the cartridge by pressing the black button on the side
5. Slide 3pc of new blades into the cartridge
6. Insert the cartridge back into the knife
7. Warning – never insert the cartridge into the knife if there is a blade in the knife

Storage:

Use protective, cut-resistant gloves when using the knife or replacing the blade. Warning – the blade is fragile! Always use protective eye wear when using the knife or replacing the blade.

ONLY FOR PROFESSIONAL AND INDUSTRIAL USE!
