

# Insect Cleaner

Professional insect cleaner – concentrate.

### Properties:

- Concentrate with a 1:10 dilution ratio
- Effectively removes insect remnants, tree sap and other organic impurities
- Non-aggressive on most surfaces
- Does not damage glass, varnishes, polycarbonates, plastics

### Advantages:

- Easy and quick application
- Solvent-free
- Biodegradable formula

### Applications:

**Insect Cleaner** is a professional product for removing insects, tree sap and other organic impurities. It is used for contact and contactless cleaning of personal, commercial, and mass transport vehicles and more. It is most suitable for cleaning windscreens, bonnets, grilles, bumpers, headlights, rearview mirrors, licence plates etc.

It is a highly basic concentrate, diluted at a 1:10 ratio. It can be applied by a handheld sprayer, a pressure hose, or even in an automatic car wash. **Insect Cleaner** is suitable for both varnished and unvarnished surfaces, glass, plastics, chrome parts, ceramic coats, hard wax, foils, and more. It is not suitable for unvarnished sensitive surfaces, such as polished brass, polished copper and so on.

### Order codes:

Name	Storage code	Package	Volume / Size	Order number
Insect Cleaner	INC	Canister	5 l	R 78462

### Instructions for use:

- Surface preparation – avoid applying **Insect Cleaner** onto a hot surface, cool the surface down with cold water before use. Do not apply at direct sunlight and do not let **Insect Cleaner** dry up!
- Application instructions – dilute the concentrate 1:10 with water, apply a uniform layer onto the surface and leave for 1 to 5 minutes, depending on the level of soiling. Then, rinse properly with running water. In case of sturdy or dried impurities repeat the process, or wipe the insect remnants with a microfibre cloth or a car sponge.

**Warning:** when using **Insect Cleaner** on chrome or chrome-coated parts, make sure to leave the product on the surface for only 30 seconds and rinse with running water immediately after.

**ONLY FOR PROFESSIONAL AND INDUSTRIAL USE!**

### Technical data:

Colour:	light yellow
pH:	13
Biodegradability:	> 90 %
Package:	5 l canister
Density:	1.06 kg/m <sup>3</sup>

### Dosage / dilution:

Contact hand washing	1:10
Automatic and self-service car washes	according to the instructions

### Storage:

Store at a temperature between 5°C and 35°C  
Store in a dark place in a sealed container.

### Environment:

Surfactants contained in this product are contained in Regulation (EC) No 648/2004 on detergents and meet the biodegradation criteria.

### Health and Safety:

Please read our Material Safety Data Sheet.
